

AUSTRALIAN MOHAIR MARKETING ORG LTD
B2009 Market Report Comment

The second auction of 2009, saw 4 buyers bidding on 43,375 kgs in 235 bales in 63 lots. 38,561kgs in 54 lots were sold. (approx 90%) whilst unsold was 4,814 in 9 lots.

The auction got off to a slow start with early lots being passed in, mainly in the finer lines, however, post sale negotiations brought about a successful end result.

Kid prices were down on our last sale, but some lines did achieve reserve price. AKID remains unsold, whilst a 1 bale line of SBFKID belonging J & J Neve of Monteagle sold for the highest price of 3000 c/kg.

Better YG lines struggled to reach reserves, with the pooled lines of both AYG & BYG unsold. A 2 bale, grower lot of BYG did sell for 1250 c/kg.

It appears that processors may have some supply of finer mohair in stock, limiting bidding on these types. However buyers were very active with bidding very strong for Fine Adults, Adults and outsorts. Adult lines were up approx 25% with the lower end up between 10–25%.

All passed in lines will be offered again in November.
