MARKET REPORT B2015

The second AMMO mohair auction for 2015 was held on Friday the 21st of August in Narrandera NSW, with 21,061 Kgs being offered. A Clearance of 98.5% was a result of all 4 buyers in attendance being active on most lines. Kid prices have eased slightly, whilst young goat lines remained unchanged and Adults were up slightly. The sale average of \$15.02 per kilogram was down 6.5% on the last sale which took place in May 2015 but still an excellent result for producers.
