

AMMO Ltd -B2010 MOHAIR AUCTION - 25 June 2010

The second sale for 2010 saw a 80.3% clearance or 39,758kgs, with an average price for those lines sold of \$10.66/kg.

Once again kid lines did not reach their reserves so most lines were passed in with final bids being some \$5.00 below reserves. Subsequent to the sale two grower lot lines of Super Fine Kid were sold on behalf of J and J Neve for 2400c/kg. Buyers did not seem to have orders for kid at this time however some lines, namely CFKID, CKID and ASKID did sell at auction.

Young Goat Fine, Fine Hair, Fine Hair and Hair were sold for very good prices with some of these types achieving a 10 year record price. Cots and stains also sold well and bidding was strong on these lines.

We believe that kid prices may improve by year's end and hope that demand to the YG and Adult types will remain strong. All lots unsold at this auction will be offered again in September unless sold privately beforehand.
