Australian Mohair Marketing Organisation Ltd

B2020 NEWSLETTER

MARKET COMMENT B2020

B2020 saw a somewhat unique Auction sale, with Australasian Mohair Traders not having a representative bidding in person due to Covid_19 border restrictions. The principal of AMT David Williams, from Victoria, instead bidding via telephone. This meant that there were still three participating buyers.

Also, another first for AMMO was the live streaming of the AMMO Auction via our Facebook page. As the live stream appeared to be well received, this may become a regular feature going forward. The testing of live streaming saw a few suggestions for improve to our broadcast in the future.

The International demand and overseas price trends were reflected at our Auction. Price levels for kid types were firm to slightly down on the Cape prices. However, on average AMMO's young goat and fine adult types were firm to marginally better than Cape prices.

The 100% clearance level was rewarding especially as it reflects strong demand.

Craig sorting the fibre.

B2020 Auction

Chris Johnson (Auctioneer) starts the bidding off at our recent B2020 Auction.

AGM 2020

AMMO Members and clients are advised that our 2020 AGM will be held in conjunction with Mohair Australia, in Canberra .

Venue is Wattle Park Uniting church Hall
1296 Barton Highway, Wallaroo
at 11am on Friday 6th November 2020.

Voting papers , Financial reports and details will be sent to members shortly.

Strapped for cash? Need money before the sale date? 💰

Do you know we have a process whereby smaller producers may choose to have clips up to 50kg purchased on delivery to the AMMO warehouse. This will help us with our accounting process and will give these producers the opportunity to get payment for their mohair sooner. Purchase prices will be advised on delivery, but will usually be no more than 80% of the previous sale price, less the usual charges. This pre-purchase will be an option only, not mandatory so there will always be an option to wait until the pool is sold. We see this as a benefit to smaller producers who may not wish to wait for their sale proceeds until the next AMMO pool.

We also offer **advance payments** for consignments delivered to receival centres prior to the closing date for a sale. An advance payment of **\$4/kg** on the gross weight delivered, will be made to producers who consign on their request (tick the box on your consignment note or contact the office direct) Payment will be made either by cheque or direct payment in accordance with the producer's existing payment instructions.

Weaving Type Fibre Report

Generally the quality of the weaving intake was good. Some very well prepared clips of the best quality were also present during the intake.

In relation to price levels it was very pleasing to see prices remain buoyant considering the difficulties to world trade as a result of the pandemic.

NOTE: weaving prices listed below are for the weaving intake classed and paid out in September 2020.

BSFFK23	5760		BSYG 32	2520

BSFYG 31	2565			

Fibre Payments

Whilst every effort is made to pay producers in a timely fashion, these unprecedented times in which we are living have had major effects on payments worldwide, and as a result, payments to producers have been later than the usual two weeks after a sale.

We can only apologise for the delay and trust you may be understanding.

Important notice

Producers are reminded that although we utilise transport depots and receival agents nationwide, it is the producers responsibility to ensure that they receive a docket or receipt for any deliveries immediately the fibre leaves your hands.
